CAMBRIDGE PUBLIC LIBRARY

MAD SCIENCE PRESENTS: UP, UP, & AWAY!

Learn how air pressure affects the world around us. Watch the atmosphere crush a soda bottle before your very eyes! See a hovercraft in action!

Thursday, July 7, 3:30 PM

O'Connell

MUSEUM OF SCIENCE PRESENTS: REPTILES!

Are snakes actually slimy? Why do snapping turtles snap? What makes a reptile a reptile? The best way to become acquainted with reptiles is to meet animals from the Museum's Live Animal Center.

Thursday, July 21, 3:30 PM

O'Connell

MUSEUM OF SCIENCE PRESENTS: ROCKETS: THERE AND BACK AGAIN

Create an air rocket that launches across the room and engineer a way for a payload to return safely to Earth. This hands-on workshop explores the science behind rockets and space exploration. For ages 6 and up. Children 10 and younger must be accompanied by an adult. (Latex balloons will be used!)

Thursday, July 28, 2:00 PM
